Domain #5 Local and Societal Context

- Contextual Information
- Whistleblower Protection

Accountability Statement for the Annual Education Results Report

The Annual Education Results Report for Airdrie Christian Academy Society for the 2021/2022 school year was prepared under the direction of the Board of Directors in accordance with the responsibilities under the Private Schools Regulation and the Education Grants Regulation. The Board is committed to using the results in this report, to the best of its abilities, to improve outcomes for students and to ensure that all students in the school authority can acquire the knowledge, skills and attitudes they need to be successful and contributing members of society.

This Annual Education Results Report for 2021/2022 was approved by the Board in March, 2023.

Gerald Andres
ACA Board Chair

Earl Driedger
ACA Head of School

Fall 2022 Required Alberta Education Assurance Measures - Overall Summary

Assurance Domain	Measure	Airdrie Christian Academy Soci			Alberta			Measure Evaluation

While we are improving over 2021, the second year of Covid impacts and the terrible learning that occurred in that era, it is clear that we need to continue strengthening our programs, materials, staffing and teaching techniques so our students also feel more positive about their learning experiences. See below for more strategies.

Strategies for Improvement

- Teachers are strengthening their curriculum and teaching methods by being in close connection with each other and many other teachers through the use of Google Docs.
- Teachers within divisional groups will carefully analyze the results from PATs and Diplomas to establish goals and strategies for growth and/or continued strength in various areas.
- The administration team will also analyze the on-going results of cohorts as they move through the grades to track the comparative strength of a particular class. We are in a rebuilding phase and see our population remaining quite static, so this information should be quite clear and useful for determining continued learning within a particular group in the years ahead.
- With our smaller class sizes, particularly in the secondary grades, we are able to provide excellent small group instruction.
- Elementary teachers will continue using IXL to accurately assess a student's strengths and areas for improvement, therefore more successfully filling the gaps that students may have in their learning.
- The use of data from Canadian Achievement Testing with our grades one through eight students will provide a small window to show us areas for strengthening our instruction and our curriculum.
- Use of Google Classroom does a great job of allowing students and parents to know and understand the extent of various assignments and to access extra resources posted by their teachers.
- Closer monitoring of grade 10-12 curriculum.
- Encourage and reward for completion of diploma prep courses
- Send teachers to diploma marking
- Provide in-house instruction and practice for diploma test structures and expectations
- Always strive to incorporate more hands-on science, science fair competition, STEAM, coding, robotics, etc.
- Ensure the implementation of appropriate modifications for particular students

Rutherford Scholarship Eligibility Measure

Comments on Results

It is very good to see our students continue to earn varying levels of support through the Rutherford Scholarship. This is a direct result of their hard work and the dedication of their teachers over the years. We have increased our program offerings and carefully placed our teachers to give their best service to all our students.

High School Completion Measure

High School Completion Rate - percentages of students who completed high school within three, four and five years of entering Grade 10.																							
	Authority										Measure Evaluation			Province									
	2017		2018		2019		2020		2021					2017		2018		2019		2020		2021

Comments on Results

These results are somewhat skewed by our low class sizes, as just one student can significantly change the results. However, we strive to ensure that all our students can successfully complete all required courses and credits within their three years in the high school program. The Rutherford Scholarship continues to be a strongly motivating program and our students really strive to be recipients each year. We have also begun using a Canadian developed program called My Blueprint to assist students in planning their high school and post-secondary trajectory. This has given students a clear understanding of where they need to go and how to get there. Our Guidance Counselor is invaluable in assisting students with academic choices, as well as providing a listening ear for other personal matters.

Another factor in the strength of our diploma scores is the on-going continuity in our teaching staff, and the fact that key diploma teachers are growing more skilled in meeting curriculum objectives for each course.

Strategies

- Program for students in grade 9-12 to help them plan their high school careers in accordance with their aspirations for the future. This is a fantastic program and database that I would recommend for all high schools.
- Encourage students and teachers to attend diploma prep sessions that are locally offered.
- Teachers to continue to give extra tutorials outside of class hours
- Usage of common rubrics to ensure more clear instruction and more defined expectations
- Monitor student achievement and ability more closely to ensure proper placement in dash one and dash two courses.
- Continued Teacher Professional Development including sending teachers to assist in marking of diploma exams.

Citizenship Measure

Citizenship – Measure Details

Percentage of teachers, parents and students who are satisfied that students model the characteristics of active citizenship.

Comments on Results

The philosophy of the school is that students who attend or graduate from our school will be taking leadership roles within the school, church/parachurch organizations, and other service clubs and associations within our community.

Strategies

- As a Christian school we are teaching values which we trust will continue to be engaged when students and graduates are employed in future jobs or occupations.
- Senior high students are given the requirement of volunteering with various community groups for a minimum of 25 hours per year through our Christian Service program. We want them to always seek in life a place where they can freely give of themselves without thought to payment.

Comment on Results

Our teachers believe they have been called to their roles here at ACA and are therefore very faithful and diligent in their planning, instruction, classroom leadership and communication with the parents of their students. Excellent teachers create environments for excellent learning. We do all we can to ensure our educational team is well trained and equipped, allowing also for continual improvement and collaboration to bring about this success. We strive to bring each student, not just those with special needs, to a place of belonging, both through their academic and relational experiences here at ACA. Every student has been created uniquely and brings diversity to our classrooms. This provides opportunities for our staff to discern these differences and to strategically design plans to best challenge and assist the students to greater success.

Strategies

- Continue multiple avenues for parent communication
- Addition of guidance counselor and chaplaincy program for all grades
- Updating curriculum and assessment/growth tools - IXL and Smart Start, Fountas and Pinnell

Educational Quality Supporting Data - representing success in delivering a broad range of learning experiences.

Program of Studies – Measure Details

Percentage of teachers, parents and students satisfied with the opportunity for students to receive a broad program of studies including fine arts, career, technology, and health and physical education.

Comment on Results

We continue to increase the variety of core and optional courses offered here at ACA. Biology, Chemistry and Physics are offered, multi-level courses are available (30-1, 30-2, etc.) for Math, English and Social Studies and we've also added pottery, woodworking, computer technology, art, drama, fitness, photography, home economics and outdoor education to the optional course list.

Strategies

- We have greatly increased our use of direct instruction and decreased the use of ADLC courses.
- We are also pursuing the use of dual credit courses, thereby giving our students more options and a leg up as they begin their post-secondary studies.
- Student/teacher/parent communication is essential and is being increased through the use of Google Docs, Remind and other technology-based programs.
- We have greatly increased our extra-curricular activities, including PE and intramurals and home games in our own gym, choir, drama and guitar.
- We have established a Bring Your Own Device (BYOD) environment for our secondary students. While we are still working to strengthen our wireless connectivity, this use of technology has been helpful in many ways, both for staff and students.
- Our chapel worship teams are back together, and they are learning new ways to give leadership and also learning new technology for these assemblies.
- Students have had access to career and job fairs. (SAIT, Ambrose, U of C, Bible colleges, etc.)
- Improved music programming - choir, band, better class instruments - multiple sets of Orff, ukuleles, bells, guitars.
- Robotics w/ Coding
- Increased STEM programming
- Language classes - French, Spanish, Mandarin, Cantonese - we currently offer French and Spanish

Local Measures

The following graphs represent data gathered from a locally generated parent survey, completed in Spring of 2022.

How satisfied or dissatisfied are you with:

How satisfied or dissatisfied are you with:

How satisfied or dissatisfied are you with:

While the number of respondents was not high, the data and added comments were helpful for addressing issues in all aspects of our school structure. We always seek to improve in our academics, our delivery of foundational Christian teaching and in the relationship we have with our parents.

To ensure continued strength and growth in our educational delivery, we carefully follow the Teacher and Leadership Quality Standards set forth by Alberta Education, including the implementation of annual teacher growth plans, long range planning and regular observations and evaluations. We also follow all directives of our internally developed Teacher Growth, Supervision and Evaluation Policy, Policy # D-P06.

Domain #3 Learning Support

Welcoming, Caring, Respectful and Safe Learning Environment Measure

Safe and Caring – Measure Details

Percentage of teacher, parent and student agreement that: students are safe at school, are learning the importance of caring for others, are learning respect for others and are treated fairly in school.

Are you satisfied or dissatisfied with how the school approaches:

Comments on Results

We have a very positive atmosphere here at ACA. Positive and uplifting behaviour is acknowledged and rewarded, while negative behaviour is approached through a redemptive process. While disciplinary actions do need to be exercised, very rarely does this need to progress to more severe stages. We have strong relationships with almost all our families, and parents trust our staff and are therefore in support of our interactions with their children.

We strive to bring each student, not just those with special needs, to a place of belonging, both through their academic and relational experiences here at ACA. Every student has been created uniquely and brings diversity to our classrooms. This provides opportunities for our staff to discern these differences and to strategically design plans to best challenge and assist the students to greater success.

Strategies

- As we are in an urban setting, we do all we can to provide a secure environment for our students and staff. We have a high ratio of supervision for all recess times (inside and outside) and fencing around the entire campus. We recently installed security cameras which allow us to view the street side of our property, the front and side entrance as well as our playground area. We also keep the doors locked during all school hours, only allowing entrance to the school through the main front door, and then only as admitted by the secretary by remote access.
- We will continue to have our students complete twice annual character check surveys. These have proven very effective in the past for identifying problem behaviours as well as to teach students what is acceptable behaviour and when it crosses the line into the area of bullying.
- Junior High students began Project Positivity, a movement which celebrates positive aspects of student life
- Addressing parent concerns effectively and expediently
- Continue multiple avenues for parent communication
- Addition of guidance counsellor and chaplaincy program for all grades
- Many secondary students attend a weekly group which they named Hot Topics, a place where they can openly ask and discuss issues of importance in their lives
- Elementary supervision - intentional for particular students... Increased and intentional for safety and support

Comments on Results

Our educational team of administrators, teachers and educational assistants work well together to provide as much individualized assistance for each student as possible. Those with mild, moderate and severe disabilities all have IPPs which are crafted with input from this team, the parents and appropriate outside experts. Our Resource Coordinator is superb, seeking out materials and specialized personnel from Airdrie, Calgary and around the province. She is continually communicating with her team and parents to adjust for maximum effectiveness with these students. As a result, we see a great deal of inclusion and growth for these students, often with amazing results for growth and independence.

Welcoming Local Measures, Specifically For Our FNMI Learning and Understanding

As our FNMI population is very small, and we have no data to demonstrate our success in this measure. However, as our school population continues to become more diverse through representation from our FNMI community and from around the world, our teachers incorporate curricular materials to address issues of understanding, tolerance and celebration for peoples of all origins. God created all people, from all continents, and as everyone is precious to Him, they should be treated as precious by our staff and students.

Strategies

Regardless of cultural or ethnic backgrounds, our teachers strive to maximize the learning potential of each student. This is further supported through an excellent group of educational assistants who are trained to help students with remedial reading and writing, and in social skills development.

- Ensure full guidance and academic support for all students, with special attention given to any self-identified FNMI students.
- Seek out post-secondary institutions and scholarships which exist primarily to support the culture and learning of FNMI students.
- Intentional and effective participation in the National Day of Truth and Reconciliation
- Staff training in Spring, led by a local First Nations elder, helping us to gain better understanding and classroom teaching
- Intentional instruction and project presentations showing the similarities of Christian and First Nations values and teachings
- Emphasize cultural diversity through delivery of the Social Studies curriculum. This will focus on infusing Aboriginal perspectives within the curriculum with appropriate subject matter.
- Our population is becoming far more diverse in recent years with students from Africa, Asia, South America and from Europe, some of whom are now strengthening ESL students. This has significantly raised the profile of non-Anglo cultures which we have really enjoyed.
- Continue on with Student Council led Cultural Celebration Days.
- Another strong resource to be accessed is the OECD (Organization for Economic Cooperation and Development) Promising Practice for Indigenous Students <http://www.oecd.org/education/Supporting-Success-for-Indigenous-Students.pdf>

How satisfied are you that the ACA leadership has consistently promoted positive parental engagement at ACA?

63 responses

Comments on Results

Besides having multiple ways for parents to connect directly with their child's teachers, we have three main ways for parents to be involved in the direction of our school, especially regarding education. First, our ACA Board, responsible for the governance and policy development of ACA, is made up entirely of parents who have been elected by the ACA Society. This upper level guidance of our school ensures adherence to the mission, vision and policies set in place to keep us on course. Secondly, parents can join our ACA Parent Council and take part in fundraising, curriculum development and extracurricular program leadership. Thirdly, parents are required to be part of our Classroom Support Program, which engages parents in the daily support of teachers and children which enables them to witness and impact the success of our school. Parents also volunteer through our Policy committee, the playground planning team, events planning, field trip supervision, coaching and work bees. Our school's strength is due to a committed partnership between parents and the school staff. This not only builds relationships of trust, but also increases productive student interactions and learning.

Growth Strategies

- With broader focus on our mission and vision, our goal is that others will be drawn to our purpose and in turn increase our enrollment.
- We are currently working on strategies and developing ACA for the future (building on education, finances and relational areas).
- We have a continued focus on enrollment marketing to grow our K through Grade 12 enrollment. We are conservatively projecting growth to 315 for the 23/24 school year, which is in line with our current growth trajectory and waiting list size.
- We are providing and promoting our excellent distinctives as an alternative for families wanting a strong focus on academics, character development and service opportunities, all within the context of the Christian faith community.
- Our ongoing contractual agreement with Bearspaw Christian School allows us to share resources, including IT, O&M, policy development and school growth mentorship.
- Our secondary grades are growing as our teaching staff expands into additional STEAM courses, and as our extracurricular offerings are becoming more successful - our sports program is strong in both junior and senior high school, which is very attractive to new students. This growth has made the upper grades viable on their own, rather than being continually subsidized by the high enrollment in the elementary grades. In fact, the population of our secondary grades surpassed that of our elementary grades for the first time in our school history!
- Greater intention is focused on building our international student base as international travel continues to open up. This will bring more students to our school and increase our revenues. We currently have 10 international students, with a projection of 15 in the 23/24 school year.
- We continue operating a busing program from north Calgary to service students from a broader geographical area to expand our enrollment base. Currently this has expanded our enrollment by over 25 students. As we are in the north end of Airdrie, we are also planning to offer busing pickup locations within our city.
- We partnered with a non-connected Home Ed Program for the 21-22 school year and now offer our own better and legitimate Home Ed through ACA@Home. While this already includes Home Facilitation and Shared Responsibility options, future plans include a classical enrichment program, and further down the road, we may expand to Online schooling to provide greater options for families seeking support to their home education plans.
- Our summer and year-round sports camps and classes generate more income and draw different groups of people to the school.

Sustainment Strategies

- With intentional focus on donor and parents relationships, we anticipate increased donations and fundraising participation.
- We launched a monthly donor campaign to increase a regular stream of revenue
- We are investing additional time and resources in more varied marketing activities.
- We are watching our expenses very closely, making adjustments as necessary and focusing on strengthening our financial position.
- For the 22/23 school year, we made staffing adjustments, to ensure maximum usage of our payroll dollars.
- We continue to pursue other sources of revenue through our Preschool, year-round camps, facility rentals, Out of School Care program, ACA@Home, International Students and our onsite Cafe.

Stakeholder Engagement Measure

Parents

Our goal at Airdrie Christian Academy is to be the school of choice in our community, known for partnering effectively with like-minded parents, for our excellent instructional delivery and for our engagement within our community. This all stems from our mission, vision and core values which are routinely communicated to all stakeholders, and reflected in all we do. Teachers strive for open communication with parents through email, calls, face to face meetings and report cards. We also implement Facebook, Instagram, our AGM, PowerSchool and Google Classroom.

School Board

The Board of Directors at Airdrie Christian Academy is a representation of parents within the school. There is also an allowance for grandparents, alumni parents and alumni students. The board members operate by their own Mission and Vision, which support the Mission and Vision of the school. Once these parents are at the board table, their personal interests are put aside to bring governance to the school. They establish policies and accountability measures and ensure sound financial oversight for the continued viability of our school.

Board Mission and Role

To ensure that resources are in place to provide our children with a Christian education delivered through Godly men and women.

The board exists to serve ACA's mission statement by providing governance to operations, planning, and preparing for the future, and by protecting and strengthening its resources.

Our board is always engaged in future planning and strategizing as well. We are currently very focused on enrollment growth, which will assist with strengthening our financial viability and our program offerings.

Students

Our school size allows our staff to have close relationships with our students, across all the grades. Our staff is very committed to building relational connections which aides with instruction, guidance and correction. While peer connection is important, strong and healthy lives are known to flow from students having a positive support contact with at least one adult in their school life. Our students often comment about the positive culture at ACA, where they experience care and openness with each other and with our staff.

Across our grades, within divisions, staff meet regularly to discuss and address the needs of individual students, striving to aid in their academic, social, emotional and spiritual growth. Goals and strategies are developed and implemented through engagement with the students and their parents.

Students are also engaged in leadership development opportunities through our student leadership group (SWORD), Project Positivity, chapel leadership and other community service projects.

Associations

Airdrie Christian Academy benefits greatly from our active memberships with other educational organizations.

Since our inception, we have been full members of the Association of Christian Schools International, and are most closely connected with Phillip Hills, the executive director of ACSI Western Canada. ACSIWC provides us with support through resources, seminars, conferences, professional development, board development, principal evaluations and full-school studies. We just entered into a pilot project with ACSI to be part of their Flourishing Schools Assessment, and look forward to the resulting recommendations that will stem from this.

We are also very thankful for our membership with the Association of Independent Schools and Colleges of Alberta - AISCA. We value their excellent support for our school and also their excellent working relationship with Alberta Education leadership. AISCA also provides for teacher and administration certification through their DSA program. They do so much to promote choices in education, which greatly enhances and strengthens the educational offerings in Alberta.

We are also thankful for the relationship we have with another nearby K-12 Christian school, Bearspaw Christian School. They are a flagship of excellence, and are further down the track than we are, so we have learned so much from their willingness to share their expertise.

Alberta Education

Naturally, our connection with Alberta Education as an accredited independent school is essential to our operation. We comply with all requirements mandated by AB Ed and participate in quality assurance surveys, provincial standardized testing and attend all information and training sessions. We also submit our Annual Education Results Reports and this Annual Education Plan. This Spring, Alberta Education also performed a full monitoring process for ACA, and we were so pleased with their commendations for our operation, our amazing school culture, our board and leadership structure and many other areas of success.

Our staff have also taken part in various curriculum working groups and literacy and numeracy pilot projects initiated by Alberta Education. We truly value the leadership of Alberta Education, the requirement for accountability and the many supports this team provides, and we also appreciate the flexibility we are permitted to operate according to our mission, vision and values.

Domain #5 Local and Societal Context

Contextual Information Measure

It is essential to understand a community's local context in order to effectively operate and plan within that community. To know the historic, geographic, economic, social context, and most importantly for our school community, our faith-based values context, will help us to create a school culture that best aligns with our desired stakeholders.

ACA is accredited by Alberta Education as a partially-funded independent school and also maintains official memberships with the Association of Christian Schools International (ACSI) and the Association of Independent Schools and Colleges of Alberta (AISCA).

Our school was founded in September of 1987 with three full-time teachers, one part-time teacher and approximately fifty students from kindergarten through grade seven.

By integrating a Christian worldview into the program of studies provided by Alberta Education, we have been impacting the lives of children in Airdrie and surrounding areas for many years. We offer a safe and welcoming environment for children from Preschool through Grade 12 and provide them with a solid foundation for their futures, both academically and spiritually. As mentioned earlier, this year we are also offering a Home Education program, including a Shared Responsibility day, for almost 200 students and their families. It is clearly something in growing demand, and we're happy to provide it in the context of Christian education. For this Home Education program, our principal leads 12 teachers, some as Home Education family facilitators and some for our Shared Responsibility program each Thursday.

Because our school is founded on Christian values and God's Word, the Bible, we operate in a way that helps our students to develop a worldview that is given life by these sources. Parents, staff and students understand this common core of seeking guidance from Scripture for moral decision making, ethical choices, honourable treatment of others and a deep purpose found in the loving, Creator God.

For the 2022/2023 school year, there are 15 full-time teachers, 3 part-time teachers, 9 educational assistants and 293 students from kindergarten through grade 12. These students attend over 30 different churches and travel from a number of different communities within the Airdrie region and north Calgary. This school year is one of continued growth, as we continually strive to strengthen and improve all aspects of our school. Our growing facility spaces are providing us with many long-awaited opportunities for improving our educational platform and the overall atmosphere within our school. We are also very pleased that we can partner with several other organizations as they lease our space for their various activities. These rentals are a long-term fulfilment of a dream to provide for other groups within our community, and it also greatly assists our revenue stream.

We are called forward by our Mission and Vision statements, our Statement of Faith and our Core Values. We continually assess our programs and instructional materials to push for new initiatives for the purpose of achieving greater success in fulfilling these guiding statements. Having the end goal in mind, regardless of shifting contextual sands, will bring consistency to our purposeful outcomes.

As we move into our school's future, we continue to positively impact our community by equipping the leaders of tomorrow with confidence, capability and a heart for service. As God provides, we will maintain this direction for many years to come.

Whistleblower Protection

Section 32 of the Public Interest Disclosure Act (2013) requires that school authorities include their annual report of disclosures in their Annual Education Results Report.

There are no incidents to report for the 2021/2022 ACA school year. However, we will continue to adhere to our policy on this matter, instructing our staff in its function and making it available on our server and in our staff lounge.

For a copy of the legislation or for further information and resources, please visit the Public Interest Commissioner's website at www.yourvoiceprotected.ca.
