

Our Preschool (3 year olds) and Jr. Kindergarten (4 year olds) is the start of a journey of discovery and growth. A positive academic foundation sets a joyful learning experience that lasts a lifetime. At ACA, our Preschool / Jr. Kindergarten programs' foundations are designed with the needs of our student in mind, where children grow socially, emotionally, physically, mentally and spiritually. Our programs prepare them to be ready to transition to our Kindergarten program.

Program Activities:

- Indoor Free Play (children participate in planned & free choice activities)
- Circle Time (introduction of theme & activities, sharing, calendar, letters, numbers etc)
- Prayer Time
- Bible Time
- Snack
- Stations
- Story Time
- Prayer / Review / Closing

Children are taught in a low teacher-student ration of one to nine, lead by our Level 3 Early Childhood Educator.

Preschool students must be 3 years old prior to attending. Jr. Kindergarten must be 4 years old by December 31.

Students in both programs must be able to take care of their own toileting needs.
