

PROJECT NAME :  
HEALING GARDEN

DESCRIPTION OF  
PROJECT:

The "healing garden" project is designed to be a community space between the girls houses to provide an area to have special events such as, birthdays, staff reunions, and other special events; and it is also designed to provide a seating outdoor space for the staff at the villa. The healing garden is part of the landscaping projects at Jericho Villa and its named "the healing garden" to commemorate the 2nd healing of Elizabeth Hake, Jericho Ministries Director.
